

### TRACK 1: TWIST AND SHOUT

Good evening everyone and welcome to the Bootleg Beatles performed by the Smithdon Cluster!

Now then.... are you all ready for a party?

She said... are you ready for a party?

Then let's party!

### TRACK 2: BEATLES MEDLEY

The next song was released on the Beatles 1967 album; Sergeant Pepper's lonely Hearts Club band  
Although the theme of the song is about ageing, it was one of the first songs that Paul McCartney  
wrote when he was 16.

The Beatles used it as a song to perform when their amplifiers broke down or the electricity went  
off!

Please sing along!

### TRACK 3: WHEN I'M 64

The next song is taken from the Beatles White Album in 1968

Last year marked 50 years since the release of that album.

Paul McCartney wrote the song when reggae was becoming popular in Britain.

We want to hear everyone singing along to the chorus please!

### TRACK 4: OBLA DI OBLA DA

Now for something a little calmer and moving on two years in history to the year of  
1970.

Let It Be was the name of the Beatles 12<sup>th</sup> and last, studio album

It was released one month after the band's break up

### TRACK 5: LET IT BE

So you've heard songs from 1967, 68 and 70, but now we're going back in time!

We're going back to 1965 to the Beatles 5<sup>th</sup> album.

The next song was number one for three weeks in a row.

John Lennon wrote it and said that it reflected his feelings about his new found fame.

**TRACK 6: HELP!**

One of our inspirations for the theme of tonight's performance was the Beatles last performance. The beginning of this year marked 50 years ago that the Beatles last performed together on the rooftop of the Apple building.

They performed this next song which we have all loved learning!

**TRACK 7: GET BACK**

Now for something a bit different.

You've all had chance to have a drink and feel relaxed, so now it's time for us to see some of your best dance moves!

The next two pieces of music are some Beatles original tracks and we want to see as many people down here dancing as possible!

Hit it DJ!

**TRACK 8: WHEN I SAW HER STANDING THERE**

**TRACK 9: I WANNA HOLD YOUR HAND**

Now, don't go anywhere dancers!

We have a question for everyone!

Put your hands up if you've ever known a girl that drives you mad?

Well don't worry because she's got a ticket to ride and she don't care!

**TRACK 10: TICKET TO RIDE**

For our last song of the evening we need some audience singing!

We have learnt the chorus, but we decided that we would let you sing the verses!

There's nothing like leaving the hard bits to the adults!

The lyrics are in your programmes so please sing along with your hands in the air!

**TRACK 11: ALL YOU NEED IS LOVE**

SPEECHES

**TRACK 12: REPRISE OF BEATLES MEDLEY**
